Also, if you have not provided the Court with a telephone number where you can be reached during working hours for the purpose of telephone conferences, please do so as soon as possible.

The Vermont Rules for Environmental Court Proceedings apply to this case. See V.R.E.C.P. 3. Under those rules, a defendant must serve an answer to the complaint on the plaintiff within 20 days of service of the summons and complaint, as explained in the summons. If waiver of service is filed, see V.R.C.P. 4(1)(4).

If an answer is filed, the case will proceed to a pre-trial conference or to a trial on the complaint. The trial will be set to be held in or near the county in which the property is located. The trial may be set immediately, especially if any urgent relief such as a preliminary injunction is requested by the plaintiff.

If no answer is filed, the plaintiff may move for a default judgment, the case may be decided without a hearing and without further notice to the defendant.

A person filing any documents (including letters) with the Environmental Division must also send a copy of that document to each of the other parties. Faxing or e-mailing a copy of a document is not sufficient to meet deadlines for filing documents with the Environmental Division. Faxed or e-mailed copies may be authorized by the Court in certain circumstances, but the Environmental Division will

not accept a faxed or e-mailed document unless the sender has first telephoned the Court and obtained permission to do so and/or unless the judge has authorized faxing or e-mailing in a court order.

If an answer is filed, the Clerk of the Environmental Division will schedule a conference in person or by telephone with the judge.
