Subject: RE: Public Hearing Request - MSGP 3-9003

Joe,

My apologies for any confusion. The Secretary has granted the request and will hold a “public hearing,” which is commonly referred to as a “public meeting.”

The hearing will be held pursuant to the Vermont Water Pollution Control Permit Regulations (VWPCPR), Sections 13.3(g)-(i). At the hearing, “[a]ny person shall be permitted to submit oral or written statements and data concerning the proposed permit” and “[t]he Secretary shall have discretion to fix reasonable limits on the time allowed for oral statements and may require the submission of statements in writing.” VWPCPR, Section 13.3(i).

Please let me know if you have any other questions. Thank you.

Padraic –

Can you clarify for me if ‘public meeting’ means ‘public hearing’ in your email below. Was the request for a public hearing granted or is that still under review?

Re: VT Rail Shelburne Transload (MSGP application #7514-9003)

Dear Joe,

We have reviewed the Town's request for a hearing. In addition to the 10-day public comment period that commenced with the submittal of the NOI to the Town, the Department will provide an additional extended (i.e. 30-day) comment period and public meeting. The extended comment period will commence after the Department has determined the application, including the "Stormwater Pollution Prevention Plan" (SWPPP) are complete; these materials are currently under review. All interested persons, including the Town of Shelburne, will receive notification of the extended comment period and public meeting.

Please let me know if you have any questions. Thank you.
