 - i. Source: Google Document Nicole emailed.
 - ii. Process: review/discuss/prioritize
 - iii. Objective: a prioritized list that includes a brief description with cost estimates and proposal to use the ARPA funds for the Selectboard late summer or early fall.
 - iv. Key Questions:
 1. What should be the next multi-use path? (ideally would submit to CCRPC for their scoping projects - sounds like we can submit early for mid-year adjustments or in November for the next round of grants).

AGENDA

2. What should be the next priority for shoulder widening or bike lane additions?
 3. What should be the next priority for sidewalks?
 - v. We'll need to get some cost estimates for top priorities and then revisit and flush out more to get to the ARPA priority recommendations.
