

## **Shelburne Working Group on Human-Wildlife Interactions Meeting Minutes – October 11, 2021**

**Present:** Don Rendall, Jim White, Piper Abbott, Percy Worrall

**Facilitator:** Don Rendall

**Minutestest:** Don

1. Motions to approve agenda and previous meeting minutes not approved no quorum.
2. Public comment: no public comments.
3. Discussion of policy draft:

Don said that the meeting is called to begin amendments to the draft Policy now that the Select Board had reviewed the draft and commented.

Discussion followed about the general public acceptance of wildlife welfare and public protections.

Focus was then put onto Select Board comments and how to proceed modifying the draft. Decided to try to identify subtopics within the draft and work on these individually over the coming months with a goal to complete modifications in about six months. First up to identify a restatement of the purpose or mission envisioned by the draft policy in order to create greater focus.

Don will get approval of Piper and Percy as new subcommittee members.
